

**Northeast Front Range
Math and Science Partnership**
In association with the RMMSMSP

**Application for Fall and Spring
2009 – 2010 Lesson Study**

An opportunity to explore the process of **Lesson Study** is being offered to two select Summer 2009 Rocky Mountain Middle School Math and Science Partnership (RMMSMSP) courses:

MATH 5008: History of Math
June 8-26, 2009

**BIOL 5002: Ecology, Biodiversity &
Adaptations**
July 6-17, 2009

Lesson Study is a professional development process that allows teachers to work together to systematically examine their practice, with the goal of becoming more effective instructors. This examination centers on teachers working collaboratively on a small number of “study lessons.”

Information and Considerations:

- Participants will receive release time in order to observe members of their Lesson Study group as they implement collaboratively-designed lessons.
- Upon successful completion of Lesson Study, teachers will have the choice of:
 - Inservice or clock hours.
 - A stipend of \$750. If circumstances arise, participants may miss one Saturday session, but stipend will be reduced by \$125.
- First priority will be given to teachers who are:
 - Enrolled in one of the two summer classes (History of Math and Biology)
 - Currently teaching in grades 4-9

**SPACE IS LIMITED – ENROLL TODAY!!
Deadline is July 15th!**

**Applicants must agree to the following
meeting dates:**

Fall Lesson Study Participants

Attend the **REQUIRED**
Introductory Fall Session – August 6, 2009
(9:00 AM – 3:30 PM)

AND
